Template

Brainstorm & idea prioritization

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

- **10 minutes** to prepare
- **1 hour** to collaborate
- **2-8 people** recommended

Before you collaborate

You want to use **ServiceNow** to track and calculate **family expenses** — like groceries, utilities, rent, etc. Essentially, you'll be creating a **simple Expense Management application** inside ServiceNow.

10 minutes

Team gathering
ServiceNow use case where the goal is to track and calculate **shared expenses** among team or family members for a gathering

Set the goal
Family Expense Management System using **ServiceNow** that allows users to record, track, and calculate household or family expenses efficiently and transparently.

Learn how to use the facilitation tools
In this context, **facilitation tools** refer to the built-in **platform features** that help you design, automate, visualize, and manage your app — without deep coding.

1 Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

5 minutes

PROBLEM

In today's busy lifestyle, most families manage multiple types of expenses every month — such as rent, groceries, utilities, travel, and education. These expenses are often recorded manually in different places (like notebooks, Excel sheets, or chats), making it difficult to **track spending patterns**, **calculate totals**, or **share updates** among family members.

Key rules of brainstorming

To run an smooth and productive session

- Stay in topic.
- Encourage wild ideas.
- Defer judgment.
- Listen to others.
- Go for volume.
- If possible, be visual.

2 Brainstorm

Write down any ideas that come to mind that address your problem statement.

10 minutes

TIP
You can select a sticky note and hit the pencil [switch to sketch] icon to start drawing!

Person 1 | Person 2 | Person 3 | Person 4

Person 5 | Person 6 | Person 7 | Person 8

3 Group ideas

collaboratively create a digital system in ServiceNow that helps the family record, organize, and analyze all household expenses efficiently.

20 minutes

TIP
Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.

The team develops a **Family Expense Tracker App** in ServiceNow.

Every family member can enter their daily expenses through a shared form

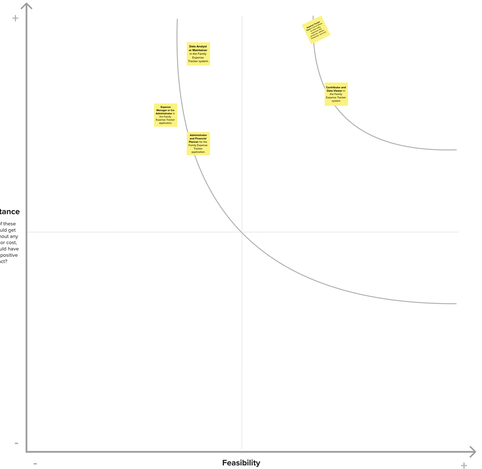
Data is stored in one place, so everyone can view and analyze total spending.

4 Prioritize

Prioritization helps the team focus on essential areas first — ensuring the system is practical, efficient, and aligned with family financial goals.

20 minutes

TIP
Participants can use their cursors to point at where sticky notes should go on the grid. The facilitator can confirm the spot by using the laser pointer holding the **H key** on the keyboard.



After you collaborate

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

Quick add-ons

Share the mural
Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.

Export the mural
Export a copy of the mural as a PNG or PDF to attach to emails, include in slides, or save in your drive.

Keep moving forward

Strategy blueprint
